PROFILE

Motivated Computer Science undergraduate with a strong interest in AI evaluation, language understanding, and logical analysis. I enjoy working on tasks that require attention to detail, clear thinking, and structured problem-solving. I have experience reviewing AI-generated responses, improving prompt quality. I am looking for opportunities where I can contribute to building accurate and reliable AI systems while continuing to learn and grow.

SKILLS

- AI evaluation and annotation
 - Prompt analysis and response checking
 - Logical reasoning and problem solving
 - English language comprehension and writing
 - Basic Python programming
 - Understanding of AI/ML concepts
 - Attention to detail
 - Clear documentation and communication
-

EXPERIENCE

AI Evaluation & Annotation – Freelance / Academic Work

2023 – Present

- Reviewed AI-generated responses for correctness, clarity, and logical flow.
 - Checked model outputs for grammar, factual accuracy, and relevance to the given task.
 - Identified unclear reasoning, missing steps, and inconsistencies in responses.
 - Helped improve prompt quality and response structure through detailed feedback.
 - Worked on multiple evaluation-style tasks similar to real-world AI training workflows.
-

PROJECTS

AI Chatbot Training Project

- Assisted in improving chatbot responses by refining prompts and reviewing output quality.
- Focused on making responses more natural, accurate, and user-friendly.

Karatsuba Multiplication Algorithm (C++)

- Implemented the algorithm as part of academic coursework.
- Gained hands-on experience with recursion and algorithm optimization.

Computer Networks & Communication Study

- Studied socket programming, data transmission concepts, and error control mechanisms.
- Applied theoretical concepts to small practical tasks and assignments.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science Engineering

Bennett University, Greater Noida
(Expected Graduation: 2026)

Senior Secondary (Class XII)

Woodbine Modern English School

Hobbies: reading books,

Coding , playing volleyball(played district level match)
